

Memo

To: Honorable Mayor and Council of Prairie City
From: Jodie Wyman, City Administrator/City Clerk
Date: 11/10/2021
Re: Ordinances to add/revise

Ordinances to Revise

Sidewalk Regulations. *If a property or business owner remodels the home/business to a certain percentage, they will be responsible to install sidewalks or bring their sidewalks up to code. In the event of a sale of a property, before certificate of occupancy is issued, sidewalks must be installed/brought up to code. All new construction (residential, commercial, and industrial) will require sidewalks along all streets.*

Building Codes. *On empty lots, nothing shall be erected until a home is constructed. In the event that two lots are merged, it will be considered one parcel which will require water and sewer to be discontinued at the mains.*

Abandoned Connections (94.04). *When an existing water service is abandoned or a service is renewed with a new tap in the main, all abandoned connections with the mains shall be turned off within thirty (30) days at the corporation stop and made absolutely watertight. Per 135.09, streets, sidewalks, alleys, and other public property disturbed in the course of the work shall be restored to the condition of the property prior to the commencement of the work, or in a manner satisfactory to the City, at the expense of the property owner.*

Chapter 95 – Sanitary Sewer System. *When an existing sewer service is abandoned or a service is renewed with a new tap in the main, all abandoned connections with the mains shall be turned off within thirty (30) days at the corporation stop and made absolutely watertight. Per 135.09, streets, sidewalks, alleys, and other public property disturbed in the course of the work shall be restored to the condition of the property prior to the commencement of the work, or in a manner satisfactory to the City, at the expense of the property owner.*

Chapter 135 (135.13) Driveway Culverts. *The property owner shall, at the owner's expense, install any culvert deemed necessary under any driveway or any other access to the owner's property, and before installing a culvert, a permit and inspection must first be obtained from the City.*

Chapter 69 (69.06) Parking Prohibited. 17. *Within the area between Lot Line and Curb Line a permit must be obtained from the City for off-street parking (To be allowed in non-winter months only). That area of the public way not covered by sidewalk and lying between the lot line and the curb line, where curbing has been installed.*

90.18 Shutting off Water Supply
90.19 Operation of Curb Valve and Hydrants

90.01 DEFINITIONS. The following terms are defined for use in the chapters in this Code of Ordinances pertaining to the Water Service System:

1. "Combined service account" means a customer service account for the provision of two or more utility services.
2. "Customer" means, in addition to any person receiving water service from the City, the owner of the property served, and as between such parties the duties, responsibilities, liabilities and obligations hereinafter imposed shall be joint and several.
3. "Superintendent" means the Public Works Department of the City or any duly authorized assistant, agent or representative.
4. "Water main" means a water supply pipe provided for public or community use.
5. "Water service pipe" means the pipe from the water main to the building served including, but not limited to, water shut-off valve to curb valve..
6. "Water system" or "water works" means all public facilities for securing, collecting, storing, pumping, treating, and distributing water.

90.02 SUPERINTENDENT'S DUTIES. The Superintendent shall supervise the installation of water service pipes and their connection to the water main and enforce all regulations pertaining to water services in the City in accordance with this chapter. This chapter shall apply to all replacements of existing water service pipes as well as to new ones. The Superintendent shall make such rules, not in conflict with the provisions of this chapter, as may be needed for the detailed operation of the water system, subject to the approval of the Council. In the event of an emergency the Superintendent may make temporary rules for the protection of the system until due consideration by the Council may be had.

(Code of Iowa, Sec. 372.13[4])

90.03 MANDATORY CONNECTIONS. The owners of any houses, buildings or structures used for human occupancy, employment or use, situated within the City and abutting on any street, alley or right-of-way in which there is located a public water main are hereby required to connect such facilities to the City's public water system in accordance with the provisions of these Water Service chapters within sixty (60) days after the date of official

notice to do so, provided that said public water main is located within one hundred (100) feet of the property line of such owner.

90.04 ABANDONED CONNECTIONS. When an existing water service is abandoned or a service is renewed with a new tap in the main, all abandoned connections with the mains shall be turned off at the corporation stop and made absolutely watertight.

90.05 APPLICATION FOR SERVICE. Before any person makes a connection with the public water system, an application for service must be made to the City. The application for service shall include the address of the property, the name of the property owner, the name and address of the person who will do the work, and the general uses of the water. The property owner shall complete installation and connection of the service line to the public water system within sixty (60) days after the application for service, except that when such time period is inequitable or unfair due to conditions beyond the control of the property owner, an extension of time within which to complete the work may be granted.

90.06 CONNECTION CHARGE. The person who makes the application for service shall pay a connection charge in the amount of one hundred dollars (\$100.00) to reimburse the City for costs borne by the City in making water service available to the property served.

(Code of Iowa, Sec. 384.84)

90.07 COMPLIANCE WITH PLUMBING CODE. The installation of any water service pipe and any connection with the water system shall comply with all pertinent and applicable provisions, whether regulatory, procedural or enforcement provisions, of the *International Plumbing Code*.

90.08 PLUMBER REQUIRED. All installations of water service pipes and connections to the water system shall be made by a State-licensed plumber.

90.09 EXCAVATIONS. All trench work, excavation and backfilling required in making a connection shall be performed in accordance with the provisions of the *International Plumbing Code* and the provisions of Chapter 135 of this Code of Ordinances.

90.10 TAPPING MAINS. All taps into water mains shall be made by or under the direct supervision of the Superintendent and in accord with the following:

(Code of Iowa, Sec. 372.13[4])

1. Independent Services. No more than one house, building, or premises shall be supplied from one tap unless special written permission is obtained from the Superintendent and unless provision is made so that each house, building, or premises may be shut off independently of the other.

2. Sizes and Location of Taps. All mains six (6) inches or less in diameter shall receive no larger than a ¾-inch tap. All mains of over six inches in diameter shall receive no larger than a one-inch tap. Where a larger connection than a one-inch tap is desired, two or more small taps or saddles shall be used, as the Superintendent shall order. All taps in the mains shall be made in the top half of the pipe, at least eighteen (18) inches apart. No main shall be tapped nearer than two (2) feet of the joint in the main.

3. Corporation Stop. A brass corporation stop, of the pattern and weight approved by the Superintendent, shall be inserted in every tap in the main. The corporation stop in the main shall be of the same size as the service pipe.

4. Location Record. An accurate and dimensional sketch showing the exact location of the tap shall be filed with the Superintendent in such form as the Superintendent shall require.

90.11 INSTALLATION OF WATER SERVICE PIPE. Water service pipes from the main to the meter setting shall be Type K copper. The use of any other pipe material for the service line shall first be approved by the Superintendent. Pipe must be laid sufficiently waving, and to such depth, as to prevent rupture from settlement or freezing.

90.12 RESPONSIBILITY FOR WATER SERVICE PIPE. All costs and expenses incident to the installation, connection, and maintenance of the water service pipe from the main to the building served shall be borne by the owner. The owner shall indemnify the City from any loss or damage that may directly or indirectly be occasioned by the installation or maintenance of said water service pipe.

90.13 FAILURE TO MAINTAIN. When any portion of the water service pipe which is the responsibility of the property owner becomes defective or creates a nuisance and the owner fails to correct such nuisance the City may do so and assess the costs thereof to the property.

(Code of Iowa, Sec. 364.12[3a & h])

90.14 CURB VALVE. There shall be installed within the public right-of-way a main shut-off valve on the water service pipe of a pattern approved by the Superintendent. The shut-off valve shall be constructed to be visible and even with the pavement or ground.

90.15 SHUT-OFF VALVES. There shall be installed shut-off valves on the street side of the service pipe and inside the building as close to the entrance of the pipe within the building as possible and so located that they are easily accessible to City employees so that the water can be shut off conveniently. Where one service pipe supplies more than one customer within the building, there shall be separate valves for each such customer so that service may be shut off for one without interfering with service to the others. The shut-off valve shall be maintained by the property owner.

90.16 INSPECTION AND APPROVAL. All water service pipes and their connections to the water system must be inspected and approved in writing by the Superintendent or Building Inspector before they are covered, and the Superintendent or Building Inspector shall keep a record of such approvals. If the Superintendent or Building Inspector refuses to approve the work, the plumber or property owner must proceed immediately to correct the work. Every person who uses or intends to use the municipal water system shall permit the Superintendent to enter the premises to inspect or make necessary alterations or repairs at all reasonable hours and on proof of authority.

90.17 COMPLETION BY THE CITY. Should any excavation be left open or only partly refilled for twenty-four (24) hours after the water service pipe is installed and connected with the water system, or should the work be improperly done, the City shall have the right to finish or correct the work, and the Council shall assess the costs to the property owner. Such assessment may be collected with and in the same manner as general property taxes.

(Code of Iowa, Sec. 364.12[3a & h])

90.18 SHUTTING OFF WATER SUPPLY. The Superintendent may shut off the supply of water to any customer because of any violation of the regulations contained in these Water Service System chapters that is not being contested in good faith. The supply shall not be turned on again until all violations have been corrected and the Superintendent has ordered the water to be turned on.

90.19 OPERATION OF CURB VALVE AND HYDRANTS. It is unlawful for any person except the Superintendent to turn water on at the curb valve, and no person, unless specifically authorized by the City, shall open or attempt to draw water from any fire hydrant for any purpose whatsoever.

It is unlawful for any person to travel or operate any vehicle on any street or alley temporarily closed by barricades, lights, signs, or flares placed thereon by the authority or permission of any City official, police officer or member of the Fire Department.

135.06 USE FOR BUSINESS PURPOSES. It is unlawful to park, store or place, temporarily or permanently, any machinery or junk or any other goods, wares, and merchandise of any kind upon any street or alley for the purpose of storage, exhibition, sale or offering same for sale, without permission of the Council.

135.07 WASHING VEHICLES. It is unlawful for any person to use any public sidewalk, street, or alley for the purpose of washing or cleaning any automobile, truck equipment, or any vehicle of any kind when such work is done for hire or as a business. This does not prevent any person from washing or cleaning his or her own vehicle or equipment when it is lawfully parked in the street or alley.

135.08 BURNING PROHIBITED. No person shall burn any trash, leaves, rubbish, or other combustible material in any curb and gutter or on any paved or surfaced street or alley.

135.09 EXCAVATIONS. No person shall dig, excavate, or in any manner disturb any street, parking or alley except in accordance with the following:

1. Permit Required. No excavation shall be commenced without first obtaining a permit therefor. A written application for such permit shall be filed with the City and shall contain the following:
 - A. An exact description of the property, by lot and street number, in front of or along which it is desired to excavate;
 - B. A statement of the purpose, for whom and by whom the excavation is to be made;
 - C. The person responsible for the refilling of said excavation and restoration of the street or alley surface; and
 - D. Date of commencement of the work and estimated completion date.
2. Public Convenience. Streets and alleys shall be opened in the manner which will cause the least inconvenience to the public and admit the uninterrupted passage of water along the gutter on the street.
3. Barricades, Fencing and Lighting. Adequate barricades, fencing and warning lights meeting standards specified by the City shall be so placed as to protect the public from hazard. Any costs incurred by the City in providing or maintaining adequate barricades, fencing or warning lights shall be paid to the City by the permit holder/property owner.
4. Bond Required. The applicant shall post with the City a penal bond in the minimum sum of one thousand dollars (\$1,000.00) issued by a surety company authorized to issue such bonds in the State. The bond shall guarantee the permittee's payment for any damage done to the City or to public property, and payment of all costs incurred by the City in the course of administration of this section. In lieu of a surety bond, a cash deposit of \$1,000.00 may be filed with the City.
5. Insurance Required. Each applicant shall also file a certificate of insurance indicating that the applicant is carrying public liability insurance in effect for the duration of the permit covering the applicant and all agents and employees for the following minimum amounts:
 - A. Bodily Injury - \$50,000.00 per person; \$100,000.00 per accident.
 - B. Property Damage - \$50,000.00 per accident.
6. **Restoration of Public Property.** Streets, sidewalks, alleys and other public property disturbed in the course of the work shall be restored to the condition of the property prior to the commencement of the work, or in a manner satisfactory to the City, at the expense of the permit holder/property owner.
7. Inspection. All work shall be subject to inspection by the City. Backfill shall not be deemed completed, and no resurfacing of any improved street or alley surface shall begin, until such backfill is inspected and approved by the City. The permit holder/property owner shall provide the City with notice at least twenty-four (24) hours prior to the time when inspection of backfill is desired.

8. Completion by the City. Should any excavation in any street or alley be discontinued or left open and unfinished for a period of twenty-four (24) hours after the approved completion date, or in the event the work is improperly done, the City has the right to finish or correct the excavation work and charge any expenses therefor to the permit holder/property owner.

9. Responsibility for Costs. All costs and expenses incident to the excavation shall be borne by the permit holder and/or property owner. The permit holder and owner shall indemnify the City from any loss or damage that may directly or indirectly be occasioned by such excavation.

10. Notification. At least forty-eight (48) hours prior to the commencement of the excavation, excluding Saturdays, Sundays and legal holidays, the person performing the excavation shall contact the Statewide Notification Center and provide the center with the information required under Section 480.4 of the *Code of Iowa*.

11. Permit Fee. A permit fee of one hundred dollars (\$100.00) shall be payable at the time of filing the application with the City. A separate permit shall be required for each excavation.

12. Permit Issued. Upon approval of the application, filing of bond and insurance certificate, and payment of any required fees, a permit shall be issued.

135.10 MAINTENANCE OF PARKING OR TERRACE. It shall be the responsibility of the abutting property owner to maintain all property outside the lot and property lines and inside the curb lines upon the public streets, except that the abutting property owner shall not be required to remove diseased trees or dead wood on the publicly owned property or right-of-way. Maintenance includes timely mowing, trimming trees and shrubs, and picking up litter.

(Code of Iowa, Sec. 364.12[2c])

135.11 FAILURE TO MAINTAIN PARKING OR TERRACE. If the abutting property owner does not perform an action required under the above section within a reasonable time, the City may perform the required action and assess the cost against the abutting property for collection in the same manner as a property tax.

(Code of Iowa, Sec. 364.12[2e])

135.12 DUMPING OF SNOW. It is unlawful for any person to throw, push, or place or cause to be thrown, pushed or placed, any ice or snow from private property, sidewalks, or driveways onto the traveled way of a street or alley so as to obstruct gutters, or impede the passage of vehicles upon the street or alley or to create a hazardous condition therein; except where, in the cleaning of large commercial drives in the business district it is absolutely necessary to move the snow onto the street or alley temporarily, such accumulation shall be removed promptly by the property owner or agent. Arrangements for the prompt removal of such accumulations shall be made prior to moving the snow.

(Code of Iowa, Sec. 364.12[2])

135.13 DRIVEWAY CULVERTS. The property owner shall, at the owner's expense, install any culvert deemed necessary under any driveway or any other access to the owner's property, and before installing a culvert, permission must first be obtained from the City. In the event repairs are needed at any time with respect to culverts, it shall be the responsibility of the property owner to make such repairs, and, in the event the owner fails to do so, the City shall have the right to make the repairs. If the property owner fails to reimburse the City for

the cost of said repairs, the cost shall be certified to the County Treasurer and specially assessed against the property as by law provided.

136.01 PURPOSE. The purpose of this chapter is to enhance safe passage by citizens on sidewalks, to place the responsibility for the maintenance, repair, replacement, or reconstruction of sidewalks upon the abutting property owner and to minimize the liability of the City.

136.02 DEFINITIONS. For use in this chapter the following terms are defined:

1. "Broom finish" means a sidewalk finish that is made by sweeping the sidewalk when it is hardening.
2. "Established grade" means that grade established by the City for the particular area in which a sidewalk is to be constructed.
3. "One-course construction" means that the full thickness of the concrete is placed at one time, using the same mixture throughout.
4. "Owner" means the person owning the fee title to property abutting any sidewalk and includes any contract purchaser for purposes of notification required herein. For all other purposes, "owner" includes the lessee, if any.
5. "Portland cement" means any type of cement except bituminous cement.
6. "Sidewalk" means all permanent public walks in business, residential or suburban areas.
7. "Sidewalk improvements" means the construction, reconstruction, repair, replacement, or removal, of a public sidewalk and/or the excavating, filling or depositing of material in the public right-of-way in connection therewith.
8. "Wood float finish" means a sidewalk finish that is made by smoothing the surface of the sidewalk with a wooden trowel.

136.03 REMOVAL OF SNOW, ICE, AND ACCUMULATIONS. It is the responsibility of the abutting property owners to remove snow, ice, and accumulations promptly from sidewalks. If a property owner does not remove snow, ice, or accumulations within twenty-four (24) hours, the City may do so and assess the costs against the property owner for collection in the same manner as a property tax.

(Code of Iowa, Sec. 364.12[2b & e])

136.04 RESPONSIBILITY FOR MAINTENANCE. It is the responsibility of the abutting property owners to maintain in a safe and hazard-free condition any sidewalk outside the lot and property lines and inside the curb lines or traveled portion of the public street.

(Code of Iowa, Sec. 364.12[2c])

136.05 CITY MAY ORDER REPAIRS. If the abutting property owner does not maintain sidewalks as required, the Council may serve notice on such owner, by certified mail, requiring the owner to repair, replace or reconstruct sidewalks within a reasonable time and if such action is not completed within the time stated in the notice, the Council may require the work to be done and assess the costs against the abutting property for collection in the same manner as a property tax.

(Code of Iowa, Sec. 364.12[2d & e])

136.06 SIDEWALK CONSTRUCTION ORDERED. The Council may order the construction of permanent sidewalks upon any street or court in the City and may specially assess the cost of such improvement to abutting property owners in accordance with the provisions of Chapter 384 of the *Code of Iowa*.

(Code of Iowa, Sec. 384.38)

136.07 PERMIT REQUIRED. No person shall remove, reconstruct, or install a sidewalk unless such person has obtained a permit from the City and has agreed in writing that said removal, reconstruction, or installation will comply with all ordinances and requirements of the City for such work.

136.08 SIDEWALK STANDARDS. Sidewalks repaired, replaced, or constructed under the provisions of this chapter shall be of the following construction and meet the following standards:

1. Cement. Portland cement shall be the only cement used in the construction and repair of sidewalks. The minimum cement content shall be six (6) sacks per cubic yard and the concrete strength shall be 4000 psi at twenty-eight days.
2. Construction. Sidewalks shall be of one-course construction.
3. Sidewalk Base. Concrete may be placed directly on compact and well-drained soil. Where soil is not well drained, a three-inch sub-base of compact, clean, coarse gravel or sand shall be laid. The adequacy of the soil drainage is to be determined by the City.
4. Sidewalk Bed. The sidewalk bed shall be so graded that the constructed sidewalk will be at established grade.
5. Length, Width and Depth. Length, width and depth requirements are as follows:
 - A. Residential sidewalks shall be at least four (4) feet wide and four (4) inches thick, and each section shall be no more than six (6) feet in length.
 - B. Business District sidewalks shall extend from the property line to the curb. Each section shall be four (4) inches thick and no more than six (6) feet in length and width.
 - C. Driveway areas shall be not less than six (6) inches in thickness.

6. Location. Residential sidewalks shall be located with the inner edge (edge nearest the abutting private property) one (1) foot from the property line, unless the Council establishes a different distance due to special circumstances.
7. Grade. Curb tops shall be on level with the centerline of the street which shall be the established grade.
8. Elevations. The street edge of a sidewalk shall be at an elevation even with the curb at the curb or not less than one-half ($\frac{1}{2}$) inch above the curb for each foot between the curb and the sidewalk.
9. Slope. All sidewalks shall slope one-quarter ($\frac{1}{4}$) inch per foot toward the curb.
10. Finish. All sidewalks shall be finished with a "broom" or "wood float" finish.
11. Curb Ramps and Sloped Areas for Persons with Disabilities. If a street, road, or highway is newly built or reconstructed, a curb ramp or sloped area shall be constructed or installed at each intersection of the street, road, or highway with a sidewalk or path. If a sidewalk or path is newly built or reconstructed, a curb ramp or sloped area shall be constructed or installed at each intersection of the sidewalk or path with a street, highway, or road. Curb ramps and sloped areas that are required pursuant to this subsection shall be constructed or installed in compliance with applicable Federal requirements adopted in accordance with the Federal Americans with Disabilities Act, including (but not limited to) the guidelines issued by the Federal Architectural and Transportation Barriers Compliance Board.

(Code of Iowa, Sec. 216C.9)

136.09 BARRICADES AND WARNING LIGHTS. Whenever any material of any kind is deposited on any street, avenue, highway, passageway or alley when sidewalk improvements are being made or when any sidewalk is in a dangerous condition, it shall be the duty of all persons having an interest therein, either as the contractor or the owner, agent, or lessee of the property in front of or along which such material may be deposited, or such dangerous condition exists, to put in conspicuous places at each end of such sidewalk and at each end of any pile of material deposited in the street, a sufficient number of approved warning lights or flares, and to keep them lighted during the entire night and to erect sufficient barricades both at night and in the daytime to secure the same. The party or parties using the street for any of the purposes specified in this chapter shall be liable for all injuries or damage to persons or property arising from any wrongful act or negligence of the party or parties, or their agents or employees or for any misuse of the privileges conferred by this chapter or of any failure to comply with provisions hereof.

136.10 FAILURE TO REPAIR OR BARRICADE. It is the duty of the owner of the property abutting the sidewalk, or the owner's contractor or agent, to notify the City immediately in the event of failure or inability to make necessary sidewalk improvements or to install or erect necessary barricades as required by this chapter.

136.11 INTERFERENCE WITH SIDEWALK IMPROVEMENTS. No person shall knowingly or willfully drive any vehicle upon any portion of any sidewalk or approach thereto while in the process of being improved or upon any portion of any completed sidewalk or approach thereto, or shall remove or destroy any part or all of any sidewalk or approach thereto, or shall remove, destroy, mar or deface any sidewalk at any time or destroy, mar, remove or deface any notice provided by this chapter.

136.12 ENCROACHING STEPS. It is unlawful for a person to erect or maintain any stairs or steps to any building upon any part of any sidewalk without permission by resolution of the Council.

136.13 OPENINGS AND ENCLOSURES. It is unlawful for a person to:

1. Stairs and Railings. Construct or build a stairway or passageway to any cellar or basement by occupying any part of the sidewalk, or to enclose any portion of a sidewalk with a railing without permission by resolution of the Council.
2. Openings. Keep open any cellar door, grating, or cover to any vault on any sidewalk except while in actual use with adequate guards to protect the public.
3. Protect Openings. Neglect to properly protect or barricade all openings on or within six (6) feet of any sidewalk.

136.14 FIRES OR FUEL ON SIDEWALKS. It is unlawful for a person to make a fire of any kind on any sidewalk or to place or allow any fuel to remain upon any sidewalk.

136.15 DEFACING. It is unlawful for a person to scatter or place any paste, paint, or writing on any sidewalk.

(Code of Iowa, Sec. 716.1)

136.16 DEBRIS ON SIDEWALKS. It is unlawful for a person to throw or deposit on any sidewalk any glass, nails, glass bottle, tacks, wire, cans, trash, garbage, rubbish, litter, offal, or any other debris, or any substance likely to injure any person, animal, or vehicle.

(Code of Iowa, Sec. 364.12[2])

136.17 MERCHANDISE DISPLAY. It is unlawful for a person to place upon or above any sidewalk, any goods or merchandise for sale or for display in such a manner as to interfere with the free and uninterrupted passage of pedestrians on the sidewalk; in no case shall more than three (3) feet of the sidewalk next to the building be occupied for such purposes.

136.18 SALES STANDS. It is unlawful for a person to erect or keep any vending machine or stand for the sale of fruit, vegetables or other substances or commodities on any sidewalk without first obtaining a written permit from the Council.
